Introduction

International Workshop on Monitoring and Modelling of Marine Pollution will be held in Kish Island, I.R. Iran, 1-3 December 2008 in the context of annual conferences of Inter-Islamic Scientific and Technology Network on Oceanography (INOC). INOC is the Intergovernmental institution of the Islamic countries which is working under the auspices of Organization of Islamic Conference (OIC). INOC is organizing annual international conferences, seminars and workshops as the annual gathering of oceanographers and related fields researchers and experts from Islamic countries while researchers and experts from other countries are also participating. From 1992, INOC conferences and workshops were held in Morocco, Algeria, Tunisia, Turkey, Mauritania, Turkey, Algeria, Lebanon, UAE, Malaysia, Senegal and Jordan. According to the decision of member states during Jordan 2007 conference the 2008 conference will be held in Islamic Republic of Iran.
